

The phones are answered at all times either by the office staff or our nurse team during regular business hours 8:00am-4:30pm. Outside of these hours, you will reach an answering service, that will then reach the physician on-call.

The "on-call" physician will call you back personally to discuss your need and concern or may direct you to Urgent Care or the Emergency Room.

If you are experiencing a life-threatening emergency:

CALL 9-1-1 or go directly to the nearest Emergency Room.

Welcome to your Patient Centered Medical Home

A patient-centered Medical Home is a system of in which a team of health professionals work together with you, the patient, (and where appropriate, your family) to provide you with the best possible health outcomes. Your primary care physician leads the care team which may include nurses, receptionists, secretaries, specialists and other health care professionals. We will work together with you as the center of the care team.

Our practice complies with the Health Insurance Portability and Accountability Act (HIPAA)

Your children's medical records are confidential, and any medical information released required your written authorization.
